- Coordinating migration of niem.gov to niemopen.org
- Establishing niem.gov as a “redirect domain”, for bookmarked visitors (or manual URL entry visitors) to be redirected to relevant niemopen.org pages
- Following best practices for improved User Experience and Search Engine Optimization
- Reduces maintenance and management time, as well as cost of maintaining two websites (DHS and Joint Staff)

ACTION REQUESTED

- NMO requests feedback on content that should be included but is not already outlined in this brief
- *Note: Overlapping content, such as Home, About, History, Success Stories, and News is being reviewed to identify which will remain after migration. Input is welcome.
- Please provide feedback on the impact of moving (i.e., duplicating) prior NIEM releases (.zip and .tar) into the OASIS GitHub repo. (The current repo is still hosted on GTRI servers, which are not maintained.)
- Please provide feedback via email to the NMO.
- We appreciate and rely on your candid input to succeed in this effort.

FURTHER REVIEW

- Request recent site crawl from the NMO (niemopen-nmotsc@lists.oasis-open-projects.org)
- Current sitemap: <https://www.niem.gov/sitemap.xml>

COMMUNICATION UPDATE

- **Please promote** info@niemopen.org, in lieu of information@niem.gov
 - niem.gov distro is first sent to a GTRI listserv, before it is forwarded to info@niemopen.org
- This change improves brand recognition and engagement, reduces maintenance, management, and potential for overlooked communications by directing to NIEMOpen distros.
