

## **NIEM Technical Architecture Committee (NTAC)**

The NTAC is a Technical Steering Committee within the OASIS Open Project known as [NIEMOpen](#). The NTAC is responsible for transforming the business requirements of NIEM into its technical architecture.

- Our meeting agenda and minutes are available on the [Meetings page](#).
- Some of the working notes discussed at NTAC meetings may be found on the [Documents page](#).
  - Large or complex examples for those discussions may be found on the [Examples page](#)
  - NTAC discussions may also be found in the [Discussions tab](#).
- Documents intended for publication are on the [Project Notes](#) page.
- Software tools provided by NIEMOpen are described on the [Tools](#) page.
